Introduction to the Malaysia Financial Planning Council (MFPC)

Founded in 2004 with the initiative of Bank Negara Malaysia, the Malaysia Financial Planning Council (MFPC) is dedicated to advancing the financial planning profession both nationally and internationally. With strong support from the Malaysian government, financial companies, and practitioners, MFPC strives to uphold high standards in professional education and practice, aiming to elevate the quality of financial planning services on a global scale.

Professional Financial Planning Programs

MFPC's Registered Financial Planner (RFP) and Shariah Registered Financial Planner (Shariah RFP) programs are recognized as the gold standard for financial planning professionals. Approved by Bank Negara Malaysia for obtaining the Financial Adviser's Licence and the Financial Adviser's Representative Licence, and by the Securities Commission Malaysia for the Capital Markets Services Representative's Licence (CMSRL), these programs are designed by experts to provide comprehensive knowledge in both conventional and Shariah financial planning.
